PIPE THREAD DETECTIVE®

Pipe Thread Detectives® are precise and easy to use thread identifiers for both male and female fittings. CNC machined identifiers glide on wire lanyards. They are especially well-suited for distinguishing between similar National, British and ISO pipe threads. Permanent, easy to read size markings are laser etched into each stand-off. Shatterproof, color-coded gauge dividers allow recognition of each strand at a glance.

National Pipe Tapered (NPT) Unit

1/8-27, 1/4-18, 3/8-18, 1/2-14, 3/4-14

National Pipe Straight (NPS) Unit

1/8-27, 1/4-18, 3/8-18, 1/2-14, 3/4-14

British Standard Pipe Tapered (BSPT) Unit

1/8-28, 1/4-19, 3/8-19, 1/2-14, 3/4-14

British Standard Pipe Parallel (BSPP) Unit

1/8-28, 1/4-19, 3/8-19, 1/2-14, 3/4-14

International Standards Organization (ISO) Pipe Unit

M5x0.8, M8x1.0, M10x1.0, M12x1.5, M14x1.5, M16x1.5, M18x1.5, M22x1.5, M27x2.0

Our Thread Detectives® are equipped with a 3-3/8" (85mm) ruler. The ruler can be printed with your company or customer's information for promotional use.

For your convenience, we provide extra long wire rope for those hard to reach places, as well as loops on each end for hanging.
